

CONSTANTINOPLE

TURKEY

POST CARD

Constantinople – well, Istanbul now,
but I like the old name for this
trip.

Impossible not to think about
Harald everywhere here, this is
where he made his fortune, long
before Norway ever heard of him.
Found this in a little shop near the
Hippodrome, couldn't resist.

Love,
Aunt Liv

FUN FACT

A Viking carved "Halfdan was
here" in runes on a marble
balustrade in Hagia Sophia. It's
still there.
