

WALCHEREN

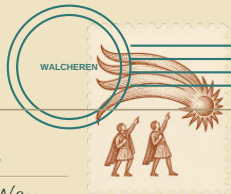

NETHERLANDS

POST CARD

Walcheren, in the Netherlands,
where Vikings had already carved
out their own toeholds on this coast
– maybe even Rollo himself, if the
old chronicles are to be believed.

Spent the evening watching the
fishing boats come in with the tide
and thought about him doing the
exact same, centuries back.

With love,
Aunt Liv

FUN FACT

This stretch of coast saw Viking
fleets wintering here for years
before 911, when Rollo swapped
raiding for a dukedom just south
of here.
