

HEDEBY

GERMANY

POST CARD

Today: Hedeby — barely a Hedeby left.
A woodcarver showed me how the old branch-runes worked — count the branches one way for the family, the other way for the letter.

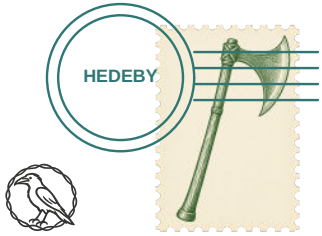

You just have to map the correct ones to get the final value.

Love,
Aunt Liv

(left branches = which row. right = where in it.)

FUN FACT

Harald burned Hedeby to the ground, sailing burning ships into its harbour.
