

PATARA

TURKEY

POST CARD

This is the last stop of my travels for now.

I had so much fun exploring the Viking and Norse historical travels!

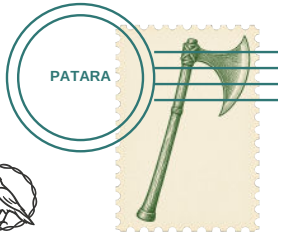

For your university summer break, I would love for you to join me on my next adventure. You have one more puzzle to solve!

Along the way, I found our family icon: the raven!

Now you should have all you need to retrace my steps that matter to our family history!

With love,
Aunt Liv

FUN FACT

A Viking sword was found at Patara in 2018, possibly from a soldier of the Varangian Guard.
